

Havenside Country Park

Havenside Country Park is a stunning riverside park overlooking The Haven, leading out to sea at The Wash. The park's location makes it a perfect spot for a peaceful walk, away from the hustle and bustle of the town centre. With open skies and views of the Stump, it's definitely a place not to miss. At high tide, you will often be able to watch ocean-going ships coming in or out of the Port of Boston.

Pilgrim Fathers Memorial

The jewel in the park's crown is the [Pilgrim Father's Memorial](#) which commemorates the Pilgrim Fathers' attempts at religious freedom. Steeped in local history, it's a must-see for anyone interested in discovering Boston's rich history and cultural ties.

Horizon

The country park is also home to 'Horizon', an engaging structure built as part of a series of installations along the Lincolnshire coast known as 'Structures on the Edge' which promote developing artwork and coastal architecture. Horizon explores themes of nautical navigation by allowing visitors to imagine journeys into the unknown and beyond the horizon, as the Pilgrim Fathers once did.
